Why Build a Competitive Matrix?

With so many vendors claiming to be XDRs and Open XDRs, we believe you need a matrix that shows actual Open XDR requirements and how vendors are meeting them. Are we biased? Of course, but that doesn't mean we're wrong. If you think this is nothing but marketing hype, schedule a free **Proof of Concept** and judge for yourself.

FEATURES & CAPABILITIES	Stellar Cyber	AlienVault	exabeam	Darktrace	IBM QRadar	LogRhythm	Microsoft Sentinel	Securonix	splunk
Native Multi-layer Multi-tenancy	●	◖	○	○	◔	○	◔	◖	○
